TREASURY DEPARTMENT

PUBLIC NOTICE

**Request for Proposals
For Financial Advisory Services**

**City of Boston, Massachusetts
May 13, 1991**

The City of Boston, Massachusetts (the "City") is requesting the submission of proposals from professionals in the financial services industry ("Financial Advisors") for provision of financial advisory services to the City relating to the issuance and management of debt obligations of the City. Services sought by the City include, but are not limited to: 1) rating agency and financial community liaison; 2) disclosure compliance; 3) debt capacity

evaluation; 4) reinvestment procedures and execution; 5) bond pricing; and 6) secondary market monitoring of City securities. The City seeks a three-year contract for the provision of these services. Although it is difficult to predict with precision the amount of services required, over the three-year term of the engagement the City estimates that it will issue approximately \$240 million of long-term bonds in separate annual borrowings, each in the approximate amount of \$80 million.

The Request for Proposals (the "RFP") will set forth both non-price and price criteria. Firms responding to the RFP are to submit written responses to the questions regarding the non-price criteria in a separate sealed envelope. Such responses may not exceed twenty single-spaced pages. Responses to the questions regarding the non-price criteria will be opened prior to the opening of the price submissions, and will be evaluated in accordance with the standards for evaluation of non-price criteria set forth in Exhibit B to the RFP.

Price proposals are to be submitted in a separate sealed envelope and must be unit-priced on a per-bond-issue basis for financial advisory services to be performed upon request of the City's Collector-Treasurer. In order to provide a clear basis of comparison of price proposals the City will estimate for purposes of the RFP that it will issue approximately \$240 million of long-term bonds during the three-year term of the engagement in equal annual borrowings of approximately \$80 million. Each proposal should cover the entire three-year term of the contract and should include a separate fee for each of the estimated three annual \$80 million annual borrowings. Each fee must be fixed for each issue and may not vary with the principal amount of the issue. Each fee must contain specific detail as to (i) the number of hours to be billed by, and the hourly rates for, each employee of the firm who will be involved in the transaction and (ii) the cost of all internal administrative and clerical charges, such as secretarial support, word processing, messenger services and computer time. Proposals will be evaluated based on the sum of the present values of the three fees contained in the proposal, assuming that the fee for the issue in the first year is stated on a present value basis. The City will apply a discount factor of 7.5% to present value the fees for the second and third years.

The City reserves the right to reject any and all responses to the RFP and to solicit further clarification of the information provided from any financial institution that responds to the RFP.

The contract between the successful firm and the City will be subject to appropriation. If sufficient funds are not appropriated for the contract in any subsequent year, the Chief Procurement Officer shall cancel the contract.

Responses to the RFP will be received up to the close of business (5 p.m.) on Tuesday, May 28, 1991. The award of the contract will be made on Wednesday, June 5, 1991, although such time for award may be extended to a date not later than Friday, August 23, 1991 by mutual agreement of the City and a respondent in order to finalize documentation. The award will be made subject to successful finalizing of the documentation by the City and the successful Financial Advisor.

Copies of the RFP may be obtained, at any time before responses are due, at the office of the Collector-Treasurer of the City, Boston City Hall, M-5, Boston, Massachusetts 02201.

NO. 20

NEW BOSTON CITY HOSPITAL CONSTRUCTION STARTED

Mayor Raymond L. Flynn and David Forsberg, Secretary of the Executive Office of Human Services, try their hands at laying bricks at a ceremony to commemorate the start of construction of the new Boston City Hospital.

Ceremony Marks the Start of Construction on a New Boston City Hospital

On May 6, 1991, Mayor Raymond L. Flynn was joined by community leaders, health care providers and officials from all levels of government at ceremonies to commemorate the start of construction on a new Boston City Hospital.

"The new Boston City Hospital will stand as a monument to the compassion of the people of Boston," said Mayor Flynn as he reflected on the nearly eight years of effort invested in building a new hospital. "When I look back on all that we have accomplished together, no single accomplishment will remain so close to my heart as the fulfillment of this dream."

Since 1984, the Flynn Administration has been working to rebuild BCH. Faced with the recommendation that BCH should close its doors, Mayor Flynn resolved to rebuild BCH into a modern, state-of-the-art facility that would provide the residents of Boston with quality health care services well into the next century. He designated a team of city

officials to develop a plan that would take the new hospital through the design, financing, and regulatory processes at the city, state and federal levels.

Lisa Chapnick, Director of Public Facilities, Lee Jackson, City Treasurer, Judith Kurland, Commissioner of Health and Hospitals, and Mary Nee, Director of the Mayor's Office

of Capital Planning were the city team which succeeded in gaining a federal mortgage guarantee for the project. BCH became the first publicly owned and operated hospital in the country to obtain federal mortgage insurance to rebuild. Mayor Flynn thanked President George Bush, Secretary of Housing and Urban Development, Jack Kemp, and Secretary of Health and Human Services, Dr. Louis Sullivan for working with the City to obtain mortgage insurance.

The City's plan called for replacing all existing inpatient care buildings with a modern, eight-story, 356-bed inpatient facility and the renovation of several existing buildings to transform the 127 year-old hospital into a state-of-the-art health care system. This \$170 million project, the largest construction and financing project ever undertaken by the City, became a part of the Mayor's five-year capital improvement plan, "Rebuilding Boston."

Construction on the new hospital is currently underway and is expected to be completed in 1994. During the three-year construction period the hospital will remain open and will provide uninterrupted services.

MEMORIAL DAY OBSERVANCE

Mayor Raymond L. Flynn and the City of Boston, in conjunction with AMVETS, The American Legion, Veterans of Foreign Wars, Disabled American Veterans and other veterans organizations, will host the Annual Memorial Day observance on Saturday, May 25, 1991 at 11:00 a.m. in Veterans Memorial Park. This beautifully

landscaped area, which is home to memorials dedicated to those who were killed in action in World War II, Korea and Vietnam is located on Park Drive in the Fenway section of Boston, opposite the rear of Museum of Fine Arts and adjacent to Roberto Clemente (formerly Fens) Stadium.

The yearly exercises honor all departed veterans who served our country during times of crisis, especially those who made the ultimate sacrifice. At this special time, in the aftermath of Desert Storm it brings to mind the truism concerning the price of freedom.

The ceremony is open to the public and everyone is invited to attend.

CONTRACTS AWARDED AFTER ADVERTISING

("Requests for Proposals")
("Requests for Qualifications")
("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

ECONOMIC DEVELOPMENT AND INDUSTRIAL CORPORATION OF BOSTON

16075-6

September 4, 1991

Dear Mayor Flynn:

Pursuant to the contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC) dated September 4, 1990, by which contract EDIC was designated to administer Community Development Block Grant (CDBG) funds for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated July 21, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to Saint Francis House, Inc., a non-profit corporation located at 39 Boylston Street, P.O. Box 49, Essex Station, Boston, MA 02112. Under the terms of the contract, the contractor will provide medical care, clothing distribution, and support services to approximately one thousand, nine hundred eighty (1,980) homeless persons.

This program was selected for funding based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued by the former Mayor

Office of Jobs and Community Services (JCS) on January 24, 1990. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. The extremely competitive proposal review process focused on a number of selection criteria, including administrative capability, the ability to serve the targeted client population, the need for the proposed services, and conformance with the priorities established by JCS and City residents. The issuance of this proposal document was the culmination of an exhaustive planning process which began in September of 1989. Citizen participation was crucial, for during the period from November 8, 1989 until December 14, 1989, fourteen (14) neighborhood meetings were held across the entire City to solicit community involvement and input in determining funding priorities, culminating in a City-wide hearing held on January 9, 1990. Notices of these meetings were published in the *Boston Sunday Globe* on November 5, 1989, and the *City Record* on November 13, 1989. The availability of the RFP document was published in the *Boston Sunday Globe* on January 1, 1990.

Compensation under the terms of this contract shall not exceed sixty-eight thousand, nine hundred eighty-seven (\$68,987.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This contractor has had contracts with this agency for this program for the previous three (3) fiscal years at the following amounts: FY 88 — \$91,000; FY 89 — \$78,000; FY 90 — \$74,100. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis
Director

Dear Mayor Flynn:

Kennedy Family Service Center, Inc., a non-profit corporation, located at 27 Winthrop Street, Charlestown, MA 02129. Under the terms of the contract, the contractor will provide counseling services to families affected by alcohol and substance abuse. Approximately twenty-three (73) individuals will be served.

This program was selected for funding based upon an evaluation of its proposal submitted in

The period of performance shall be from July 1, 1990 until June 30, 1991. This contractor has had contracts with this agency for this program for the previous two (2) fiscal years at the following amounts: FY 89 — \$23,000; FY 90 — \$21,850. PUBLIC NOTICE

**Request for Proposals
For Financial Advisory Services**

**City of Boston, Massachusetts
May 13, 1991**

The City of Boston, Massachusetts (the "City") is requesting the submission of proposals from professionals in the financial services industry ("Financial Advisors") for provision of financial advisory services to the City relating to the issuance and management of debt obligations of the City. Services sought by the City include, but are not limited to: 1) rating agency and financial community liaison; 2) disclosure compliance; 3) debt capacity

evaluation; 4) reinvestment procedures and execution; 5) bond pricing; and 6) secondary market monitoring of City securities. The City seeks a three-year contract for the provision of these services. Although it is difficult to predict with precision the amount of services required, over the three-year term of the engagement the City estimates that it will issue approximately \$240 million of long-term bonds in separate annual borrowings, each in the approximate amount of \$80 million.

The Request for Proposals (the "RFP") will set forth both non-price and price criteria. Firms responding to the RFP are to submit written responses to the questions regarding the non-price criteria in a separate sealed envelope. Such responses may not exceed twenty single-spaced pages. Responses to the questions regarding the non-price criteria will be opened prior to the opening of the price submissions, and will be evaluated in accordance with the standards for evaluation of non-price criteria set forth in Exhibit B to the RFP.

Price proposals are to be submitted in a separate sealed envelope and must be unit-priced on a per-bond-issue basis for financial advisory services to be performed upon request of the City's Collector-Treasurer. In order to provide a clear basis of comparison of price proposals the City will estimate for purposes of the RFP that it will issue approximately \$240 million of long-term bonds during the three-year term of the engagement in equal annual borrowings of approximately \$80 million. Each proposal should cover the entire three-year term of the contract and should include a separate fee for each of the estimated three annual \$80 million annual borrowings. Each fee must be fixed for each issue and may not vary with the principal amount of the issue. Each fee must contain specific detail as to (i) the number of hours to be billed by, and the hourly rates for, each employee of the firm who will be involved in the transaction and (ii) the cost of all internal administrative and clerical charges, such as secretarial support, word processing, messenger services and computer time. Proposals will be evaluated based on the sum of the present values of the three fees contained in the proposal, assuming that the fee for the issue in the first year is stated on a present value basis. The City will apply a discount factor of 7.5% to present value the fees for the second and third years.

The City reserves the right to reject any and all responses to the RFP and to solicit further clarification of the information provided from any financial institution that responds to the RFP.

The contract between the successful firm and the City will be subject to appropriation. If sufficient funds are not appropriated for the contract in any subsequent year, the Chief Procurement Officer shall cancel the contract.

Responses to the RFP will be received up to the close of business (5 p.m.) on Tuesday, May 28, 1991. The award of the contract will be made on Wednesday, June 5, 1991, although such time for award may be extended to a date not later than Friday, August 23, 1991 by mutual agreement of the City and a respondent in order to finalize documentation. The award will be made subject to successful finalizing of the documentation by the City and the successful Financial Advisor.

Copies of the RFP may be obtained, at any time before responses are due, at the office of the Collector-Treasurer of the City, Boston City Hall, M-5, Boston, Massachusetts 02201.

WOMEN'S SHELTER HELPS CHILDREN

Roberts, Child Advocate at Harbor Me (right) and Intern Paula Pierce discuss ways to help children safe and happy. (Photo by David Leifer)

Tony Ferullo

Janet, a former battered woman, is talking about fear, pain, emotional pain and suffering. This time, however, she is not the subject of conversation.

That title belongs to her son, Billy. He is 4½ years old.

"Up until a year ago, everytime he heard a loud noise, people yelling or laughing loudly, he would either go hide in a corner or yell himself, putting his hands over his ears, for people to stop," explained Janet (not her real name). "He grew up like this, but what do you expect when he's seen his dad threaten to kill me in front of him."

Knowing her son desperately needed help, Janet went to Harbor Me, Inc., a nonprofit, multicultural organization serving battered women and their children in the communities of Chelsea, East Boston, Revere and Winthrop.

Billy (not his real name) has been attending one of the various support groups offered by Harbor Me, located in Chelsea, for about a year. His mother is clearly overwhelmed by the change in her son's behavior.

"I can't believe the progress he has made," said Janet, proudly. "He has come a long way. He is now a very loving and open person."

"My ex-husband has visitation rights and he verbally abuses me sometimes when he picks Billy up. But Billy tells his Dad that what he's doing is not good behavior, and that 'you got to be nice to mommy.'"

Not all stories on children of battered women follow such a progressive path. In the average year, bat-

tered women's service groups in Massachusetts shelter more than 3,000 children of battered women with their mothers.

In many families where battering occurs, children are abused as well. Their cries for help usually turn into tears of joy because of places like Harbor Me, an agency supported by the United Way of Massachusetts Bay.

"Our support groups provide a safe place for them," said Liz Roberts, Child Advocate at Harbor Me for the past 3½ years. "It gives them a chance to express their feelings and feel good about themselves. They learn to get along with one another."

According to Roberts, children of battered women are affected in a variety of ways. "Many of them become very timid or very aggressive," she explained. "A lot of them have nightmares, wet the bed, regress and have low self-esteem. They feel responsible and ashamed for the violence."

Roberts had worked as a volunteer at Transition House, a shelter for battered women and their children in Cambridge, for four years prior to Harbor Me. She has seen and heard many scary things in her career, including the time a four-year-old girl attempted suicide by swallowing a bottle of pills because she had been physically abused at home.

"It's not always easy," smiled Roberts. "You have to be a strong person most of the time."

One of Harbor Me's goals is to offer children an environment where they are encouraged to express their feelings and opinions, make choices,

(Continued on next page)

Women's Shelter . . .

(Continued from previous page)

and control their own healing process. Some of the approaches Harbor Me utilize include: group sharing and discussion; cooperative game playing; reading stories of diverse cultures and lifestyles; craft projects and field trips.

In spite of slashes to the state budget, Roberts prays that Harbor Me can continue to provide its wide range of services in the community.

"We have already been affected by the cuts," she said. "I just hope things don't get worse. The United Way is one of our only secure sources of funding, and it has been very supportive of our children's programs."

Roberts, along with other Harbor Me staff members and volunteers, pride themselves on improving the quality of life of children. "It means a lot to see them learn and grow and trust us," said Roberts. "Knowing where they came from, it's nice to see them safe and happy. Seeing them smile and laugh is what keeps us going."

MAY T HERITAGE EXPRESS IS "DINO-MITE"

Monthly Passholders Get Discounts at World Trade Center Dinosaur Exhibit

Forget about Fenway's Green Monster. You can see the original green monsters galore beginning May 11th, as the World Trade Center hosts McDonald's "World of Dinosaurs" exhibition. And T passholders can take advantage of a special offer — \$1 off the regular price admission (\$6 for adults, \$4 for children ages 2 through 12).

The show, created by Dinamation, is a fascinating, colorful, animated, museum-quality dinosaur exhibit using elaborate, environmental scenes

that give glimpses into the lives of these original green monsters.

"The T is the best and easiest way to travel no matter where you're going or what you're doing," said T Acting General Manager James E. Rooney. "For work or recreation, business or pleasure, the T is the most convenient way to reach the best the Boston area has to offer. And monthly passholders get extra benefits and bargains through the Heritage Express program."

The dinosaur exhibit features scientifically accurate replicas displayed in environments complete with plants, special lighting, sound effects and actual dinosaur artifacts and fossils. The dinosaurs themselves range in size from half to full-size, and roll their eyes, swish their tails, gnash teeth and roar.

The show runs from May 11th through July 24th. Hours are: Monday — Thursday, 10:00 a.m. to 6:00 p.m.; Friday and Saturday, 10:00 a.m. to 8:00 p.m.; and Sundays from noon to 5:00 p.m. The World Trade Center is located at 164 Northern Avenue in Boston.

MBTA monthly passholders can receive a discount through the entire

A rate of \$8 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. run of the exhibit. This offer is not valid with other discounts. Special rates are available at the Trade Center for group tours, private function theme parties and company outing. A dinosaur birthday party can also be scheduled at the exhibit, with a minimum of eight children. For reservations, please call 1-800-DINOSAUR.

The successful program was designed to increase pass sales and revenue to the T, and expand ridership during non-commuting hours.

The T began the Heritage Express Program in December, 1989. Each month, the T joins with a different museum or cultural attraction to promote that site and the MBTA as the best way to travel. Nearby merchants and restaurants also take part in the promotional effort.

Pre-paid monthly passes enable passengers to avoid waiting in line for tokens. More than 40 percent of T riders now use passes. They are available for all types of T service: from bus and subway to the 11 commuter rail zones. Customers who regularly use passes can receive a 1 percent discount on the property damage and collision coverage portion of their automobile insurance when they present 11 used monthly passes to their agent.

Passes are available at many outlets in the metropolitan Boston area, including North, South, and Back Bay stations, at T pass sale offices at Government Center, Downtown Crossing and Harvard Square, and at many retail outlets in the area. Passes are also available by mail. For more information contact the MBTA Pass Program at (617)722-5218.

Participants in previous months' promotions have included: the American Repertory Theater, the Salem National Maritime Historical Site, the Museum of Science, and the Huntington Theater Company, Dance Umbrella, the Downtown Crossing Association and many others.

So take the T to prehistory; board the Heritage Express to a time when the green monsters in the Fenway had legs and teeth — and could eat the Yankees for dinner!

CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications") ("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

ECONOMIC DEVELOPMENT AND INDUSTRIAL CORPORATION OF BOSTON

1607

September 4, 1990

Dear Mayor Flynn:

Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC), dated September 4, 1990, by which contract EDIC was designated to administer Community Development Block Grant (CDBG) for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated June 21, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to the Quincy School Community Council, Inc., a non-profit corporation, located at 885 Washington Street, Boston, Massachusetts 02111. Under the terms of the contract, the Contractor will operate a day care program to serve approximately thirty three (33) infants and toddlers.

This program was selected for funding based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued by the former Mayor's Office of Jobs and Community Services (JOCS) on January 24, 1990. Costs were determined to be reasonable after extensive analysis by JOCS and outside readers. The extremely competitive proposal review process focused on a number of selection criteria, including administrative capability, the ability to serve the targeted client population, the need for the proposed services, conformance with the priorities established by JOCS and City residents. The issuance of this proposal document was the culmination of an exhaustive planning process which began in September of 1989. Citizen participation was crucial, for during the period from November 1989 until December 14, 1989, fourteen neighborhood meetings were held across the City to solicit community involvement in determining funding priorities, culmi-

in a City-wide hearing held on January 9, 1990. Notices of these meetings were published in the *Boston Sunday Globe* on November 13, 1989, and the *City Record* on November 13, 1989. The availability of the RFP document was published in the *Boston Sunday Globe* on January 21, 1990.

Compensation under the terms of this contract shall not exceed twenty thousand, three hundred (\$20,350.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. Contractor has had contracts with this agency for this program for the previous two (2) years at the following funding amounts: FY 88 — \$20,350; FY 89 — \$20,350. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

This is a negotiated contract at a reasonable price based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP. I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis
Director

16081-91

September 4, 1990

Mayor Flynn:
Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC), dated September 4, 1990, by which EDIC was designated to administer the Community Development Block Grant (CDBG) program for the City of Boston; and further, by the terms of the Public Facilities Commission (PFC), dated June 21, 1990, stating that the Director of the PFC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers under the CDBG program, I respectfully request your Honor's permission to award a contract to Youth Enrichment Services, a non-profit organization, located at 412 Massachusetts Avenue, Boston, Massachusetts 02118. Under the terms of the contract, the Contractor will provide a variety of recreational activities to approximately three hundred (300) low to moderate income youths City-wide.

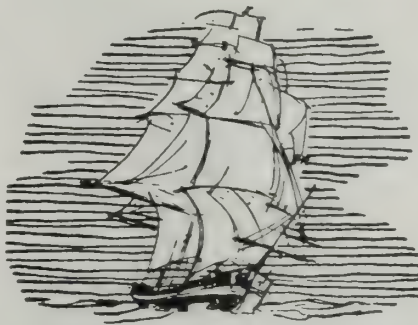

This program was selected for funding based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued by the former Mayor's Office of Jobs and Community Services (JCS) on May 24, 1990. Costs were determined to be reasonable after extensive analysis by JCS staff outside readers. The extremely competitive proposal review process focused on a number of evaluation criteria, including administrative capability, the ability to serve the targeted client population, the need for the proposed services, and compliance with the priorities established by the City and City residents. The issuance of this proposal document was the culmination of an extensive planning process which began in September of 1989. Citizen participation was minimal, for during the period from November 8, 1989, until December 14, 1989, fourteen (14) neighborhood meetings were held across the city to solicit community involvement and

input in determining funding priorities, culminating in a City-wide hearing held on January 9, 1990. Notices of these meetings were published in the *Boston Sunday Globe* on November 13, 1989, and the *City Record* on November 13, 1989. The availability of the RFP document was published in the *Boston Sunday Globe* on January 21, 1990.

Compensation under the terms of this contract shall not exceed fifteen thousand (\$15,000.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This Contractor has had contracts with this agency for this program for the previous three (3) fiscal years at the following funding amounts: FY 88 — \$32,000; FY 89 — \$29,000; FY 90 — \$27,000. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis
Director

The U.S.S. *Constitution* lies in dock at the United States Naval Shipyard, across the Charles River at Wapping and Chelsea Streets, Charlestown. She was launched in 1797 at Hartt's Shipyard, a short distance from her present resting place. In the next year she helped clear the coast and the West Indies of French privateers. Later engagements with the British in the War of 1812 brought her undying fame and her nickname *Old Ironsides*. The 44-gun frigate was constructed of well-seasoned live oak and red cedar timbers secured by bolts and copper sheathing made by Paul Revere. Now restored and seaworthy, the historic craft may be boarded daily, 9:30 to 4, free. Uniforms, cannon, and newspaper accounts of the War of 1812 are displayed.

NEW RECREATION CENTER IN FRANKLIN FIELD

Kevin C. Phelan, President of the Boys and Girls Clubs of Boston and Monica Simpson, member of the Franklin Field Youth Center, present Mayor Raymond L. Flynn with a plaque in appreciation of his efforts, as chairman of the George Robert White Trust Fund, to secure the funding necessary to build a \$4 million recreation center at Franklin Field.

On Thursday, May 16th, over 300 people joined Mayor Raymond L. Flynn and the Boys and Girls Clubs of Boston when they announced plans to build a \$4 million recreation center on the site of the abandoned MDC building at Franklin Field.

The new facility, to be called the George Robert White Recreation Center, will be built using a \$4 million grant from the George Robert White Trust Fund, a public, charitable Trust Fund administered by the City of Boston.

Joining the Mayor at the site announcement was Susan Weld, wife of Governor William F. Weld. The legislation which transferred the state property, the abandoned MDC rink where the new facility will be built, to the City of Boston was signed into law by Governor Weld last week. The legislation was co-authored by state representatives Kevin Fitzgerald and Shirley Owens-Hicks.

Mayor Flynn, Chairman of the Trust Fund, said, "The Mattapan/

Dorchester Boys and Girls facility represents new hope and opportunity for the young people of this community. I personally can tell you what going to the Boys Club meant to me as a youngster growing up. It provided me and many others with a choice between hanging on a street corner and waiting to get into trouble, or being involved in healthy, productive programs."

When completed in 1993, the new

center will include a full size, multi-use gymnasium and an enclosed swimming pool. It will be leased by the Boys and Girls Clubs of Boston and provide recreation programs for the more than 10,000 youths, aged 5-17, who live in the nearby North Dorchester/Mattapan area.

Boys and Girls Clubs of Boston, in collaboration with the Boston Housing Authority, currently operates out of a basement in the Franklin Field Housing Development which can only provide enough space for 75-100 youths daily. The new center will be able to accommodate 250-300 youths daily.

A study completed last year by the Boys and Girls Clubs of Boston found that within a mile radius of the Franklin Field Housing Development there is the highest concentration of school aged children — 17,000 — under the age of fourteen in the City of Boston. Also, this study found that this area did not provide adequate recreational facilities for this growing population.

The other trustees of the George Robert White Trust Fund who joined Mayor Flynn in voting unanimously for the construction grant are: City Council President Christopher A. Iannella; Stephan J. Sweeney, Chairman of the Greater Boston Chamber of Commerce and Chairman of the Board of the Boston Edison Company; John P. Driscoll, President of the Boston Bar Association; and City Auditor Sally M. Degan. Joseph I. Mulligan, Jr. is the Corporation Counsel for the Trust Fund.

During this centennial year of Cole Porter, the talented soprano from Wellesley is focusing on Porter's life and musical creativity as she accompanies herself on the piano and performs a range of his tunes including: "My Heart Belongs to Daddy," "Easy to Love," "I Love You," "Every Time We Say Goodbye," and "I've Got You Under My Skin." She will conclude the concert with a medley from "Kiss Me Kate" containing portions of "Another Op'nin, Another Show," "Were Thine That Special Face," "Always True To You in My Fashion," "So In Love," "Wunderbar," and "Why Can't You Behave?"

The concert is presented by the BPL's Never Too Late Group in conjunction with the Cole Porter film tribute, "You're the Top," that is being shown in the Rabb Lecture Hall at 6 p.m. on Monday evenings during June. Free FM assistive listening receivers are available for the hard-of-hearing for both programs. Seating in the Rabb Lecture Hall is limited. BOARD OF MERIT

The Board of Merit, consisting of the Fire Commissioner and the Deputy Fire Chiefs, has considered all meritorious acts referred to it during the year 1990. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

1. Case of Fire Fighter David A. Glover, Engine Company 10

At 2126 hours, February 2, 1990, a serious accident occurred at the intersection of A and West Fourth Streets, District 6, when a taxicab struck a lumber truck broadside shearing off the hood of the cab down to the engine block and pushing the truck approximately twenty feet. Gasoline, released from the carburetor, immediately ignited, engulfing the engine compartment of the taxi.

Fire Fighter David A. Glover, Engine Company 10, who was off duty at the time, immediately went to the assistance of the victims, removing both from the burning vehicle. He then procured a fire extinguisher, extinguished the fire, and then performed first-aid on the injured victims.

Because Fire Fighter Glover performed these acts prior to the arrival of fire apparatus, without the use of personal safety equipment and without consideration for his own safety, reflecting credit upon himself and the Boston Fire Department, the Fire Commissioner highly commended him in General Order No. 8 of 1990.

The Board recommends that Fire Fighter David A. Glover, Engine Company 10, be awarded the Distinguished Service Award.

2. Cases of Fire Fighter Patrick L. McDonough, Engine Company 22, Fire Fighter Joe E. Montoya, Engine Company 22

On February 10, 1990, at 0300 hours, a Boston Police Officer, while on patrol on Tremont Street, was stopped by a group of people that stated two men in a blue Pontiac pulled a gun on them. The officer located the vehicle on Tremont Street and gave pursuit. The suspects crashed their car into parked vehicles on Tremont Street near Engine Company 22's quarters. A violent struggle ensued. The police officer was punched and kicked by one of the suspects. The second suspect came to his friend's aid. The police officer was now fighting with both suspects, one of whom had a gun. The second suspect was found to have possession of a knife.

Fire Fighter Patrick L. McDonough and Fire Fighter Joe E. Montoya, both on duty at Engine Company 22's quarters, 700 Tremont Street, District 4, heard the commotion outside. They observed a group of people around a crashed vehicle with a police officer being attacked by what appeared to be three individuals, while other spectators were yelling and shouting. Fire Fighters McDonough and Montoya, without regard for their own safety, immediately went to the aid of the police officer. They grappled and held on to two other individuals, one being a victim of the crash attempting to attack the suspect, but interfering with the police officer. The officer was able

to handcuff the first suspect. Fire Fighters McDonough and Montoya helped to control the suspects until the arrival of additional police officers.

Because Fire Fighters Patrick L. McDonough and Joe E. Montoya of Engine Company 22 performed this action at extreme personal risk, reflecting credit upon themselves and the Boston Fire Department, the Fire Commissioner highly commended them in General Order No. 21 of 1990.

The Board recommends that Fire Fighter Patrick L. McDonough and Fire Fighter Joe E. Montoya, Engine Company 22, be awarded the Distinguished Service Award.

3. Case of Fire Fighter Scott J. Malone, Ladder Company 10

On May 16, 1990, while Ladder Company 10 was operating as a fire detail, Box 6-2255, Incident #15869, Fire Fighter Scott J. Malone, while at the right side of the fire building, observed two Boston Police Officers in foot pursuit of a male person. Without hesitation, Fire Fighter Malone jumped a five foot fence equipped with barbed wire, receiving a laceration to his hand and dropping ten feet to the ground where he tackled and subdued the fleeing person until the arrival of the police in pursuit. The suspect was wanted for a series of crimes in the area and placed under arrest.

Because Fire Fighter Malone performed this act in the presence of many spectators, reflecting credit upon himself and the Boston Fire Department, while at great personal risk to himself and without knowledge of the suspect having a weapon in his possession, the Fire Commissioner highly commended him in General Order No. 21 of 1990.

The Board recommends that Fire Fighter Scott J. Malone, Ladder Company 10, be awarded the Distinguished Service Award.

4. Case of Fire Captain Paul V. Farren, Personnel Division (Detailed to Ladder Company 23)

On March 5, 1990, at 1345 hours, Box 3356 was struck for a building fire at 56 Columbia Road, District 7, for which 3 alarms were sounded.

Heavy smoke was showing from the front of the building upon the arrival of Engine Company 24 and Ladder Company 23. With a report of children trapped inside and while Engine Company 24 was advancing a line to the first floor with heavy fire showing on the side of the building and before ventilation was performed, Fire Captain Paul V. Farren, Personnel Division (detailed to Ladder Company 23), entered the fire room via the right side of the front porch. While searching the room, Fire Captain Farren located a child in a crib, placed his facepiece on the child's face and while proceeding to exit, became disoriented due to intense heat and smoke. Fire Fighter Robert H. Lindsay of Ladder Company 23 entered the same window and assisted Captain Farren in handing the child to Fire Fighter Eric A. Singleton of Engine Company 41, who was off duty.

Because Fire Captain Paul V. Farren performed this act under extreme personal risk to himself, before proper ventilation had been performed or lines of hose in place, the Fire Commissioner highly commended him in General Order No. 21 of 1990.

The Board recommends that Fire Captain Paul V. Farren, Personnel Division (detailed to Ladder Company 23) be awarded the John E. Fitzgerald Medal for the Most Meritorious Act.

5. Case of Fire Fighter Edward T. Loder, Rescue Company 1

Fire Fighter Edward T. Loder, Rescue Company 1, is hereby highly commended for his actions at the Ritz-Carlton Hotel at 2134 hours, May 30, 1990, Incident #17728.

A woman, with suicide apparently in mind, was perched on a window sill of the 16th floor of the hotel and threatening to jump.

Following a period of almost two hours of negotiations that were unsuccessful, Fire Fighter Loder was lowered from the roof to a position directly opposite the woman and was able to push her with his foot into the room where others were able to restrain her.

This action, which occurred 180 feet above the street, exposed Fire Fighter Loder to extreme personal risk and there is no doubt it saved the life of the victim because her deteriorating physical and mental conditions would have resulted in her falling or jumping from the ledge.

Because Fire Fighter Loder performed this act without consideration for his own personal safety, reflecting credit upon himself and the Boston Fire Department, the Fire Commissioner highly commended him in General Order No. 26 of 1990.

The Board recommends that Fire Fighter Edward T. Loder, Rescue Company 1, be awarded the Walter Scott Medal for Valor.

6. Cases of Fire Fighter James M. Hardy, Rescue Company 1, Fire Fighter Robert P. Breen, Rescue Company 1

On July 7, 1990, at 0122 hours, Incident #22967, Rescue Company 1 responded to a still alarm for Route 93 northbound on report of a woman attempting suicide.

Upon arrival, members observed a woman sitting on the edge of an "I" Beam some 100 feet above the Charles River, with attempts by members of the State Police to coax the woman down. When it became evident that the person would not return to safety on her own, Fire Fighter James M. Hardy of Rescue Company 1 donned a safety harness with lifeline and climbed over a rail onto a beam below and behind the person. When the woman observed him, Fire Fighter Hardy dashed along the beam and took hold of her. A struggle ensued as the woman took hold of a pipe. At that time Fire Fighter Robert P. Breen of Rescue Company 1 climbed over the rail and freed the woman's hand and both members quickly removed her to safety.

Because these members performed this rescue at great personal risk, without regard for their own safety, the Fire Commissioner highly commended Fire Fighters James M. Hardy and Robert P. Breen of Rescue Company 1 in General Order No. 32 of 1990.

The Board recommends that the names of Fire Fighter James M. Hardy and Fire Fighter Robert P. Breen, Rescue Company 1, be placed on the Roll of Merit.

7. Case of Fire Fighter Scott J. Malone, Ladder Company 10

On June 22, 1990, at 2135 hours, Fire Fighter Scott J. Malone of Ladder Company 10, while off duty and driving on South Huntington Avenue, District 9, observed a male riding a bicycle being attacked by a knife wielding person attempting to steal the bicycle. Fire Fighter Malone alighted from his vehicle and chased the suspect.

As he was about to tackle him, the suspect stopped and turned, stabbing Fire Fighter Malone with the knife on the left side of his chest. As he was about to be stabbed again, an unknown civilian tackled the suspect. In the attempt to subdue the suspect, Fire Fighter Malone was kicked several times to the head, requiring treatment by members of the Boston Health & Hospitals at the

scene. Boston Police arrived and placed the suspect under arrest.

Because he performed this act at great personal risk, without regard for his own safety, reflecting credit upon himself and the Boston Fire Department, the Fire Commissioner highly commended Fire Fighter Scott J. Malone of Ladder Company 10 in General Order No. 34 of 1990.

The Board recommends that Fire Fighter Scott J. Malone, Ladder Company 10, be awarded the Distinguished Service Award.

8. Case of Fire Fighter Anthony J. O'Brien, Rescue Company 1

On August 24, 1990, at 1755 hours, Incident #29397, Engine Company 39, Ladder Company 18, Rescue Company 1, Marine Unit and Underwater Recovery Team responded to a still alarm for the World Trade Center, 164 Northern Avenue, District 6, on report of a sinking boat with two male occupants in the water.

First arriving members located a man who had made his way to the pier where he was assisted from the water by members of Engine Company 39. Further investigation revealed no trace of the other occupant or the boat.

Fire Fighter Anthony J. O'Brien of Rescue Company 1 voluntarily mounted a rail and dove about 25' into the water to effect a search while Fire Fighter William J. Hagarty of Rescue Company 1, wearing a floatation suit, jumped into the water to observe and assist. Fire Fighter O'Brien, after repeated dives under the pier in an attempt to locate the victim and while encountering dangerous obstacles and debris, located the sunken boat. Due to complete exhaustion, Fire Fighter O'Brien was ordered removed from the water. The Underwater Recovery Team, while operating from the Marine Unit, located and removed the other victim from the water.

Because Fire Fighter Anthony J. O'Brien, Rescue Company 1, without benefit of protective clothing, performed under adverse conditions, without regard for his own safety and at great personal risk, the Fire Commissioner highly commended him in General Order No. 34 of 1990.

The Board recommends that the name of Fire Fighter Anthony J. O'Brien, Rescue Company 1, be placed on the Roll of Merit.

9. Award of Recognition, Fire Captain Richard L. Hartnett, Special Services Division

Fire Captain Richard L. Hartnett, Special Services Division, has successfully managed the implementation of the Emergency Planning and Community Right to Know Act of 1986 (S.A.R.A. Title III) by the Boston Fire Department.

Through this program, facilities that use hazardous materials have been identified, and those who utilize these materials have been brought into compliance with the regulation of this law. This has provided the Boston Fire Department with a pre-incident plan for emergencies at these facilities.

Because of the successful implementation of this program, the safety of workers at the facilities, community residents and emergency responders have been greatly enhanced.

The Board recommends that Fire Captain Richard L. Hartnett, Special Services Division, be awarded the Award of Recognition.

10. Award of Recognition, Fire Lieutenant William J. Ostiguy, Personnel Division

Fire Lieutenant William J. Ostiguy, Personnel Division, is responsible for the operations of the Boston Fire Department/Local 718 Employee Assistance Program. He was instrumental in the implementation of this program in conjunction

with members of the Boston Fire Department and Local 718.

Fire Lieutenant Ostiguy does an excellent job assisting the members of the department with their many and various problems and in some cases providing counselling by qualified personnel. He has improved the operations of the Employee Assistance Program and was instrumental in the adoption of the Boston Fire Department's Substance Abuse Program. He has always shown a deep concern for the health and welfare of all members and in doing so he has made a positive impact on the effectiveness and morale of the department.

The Board recommends that Fire Lieutenant William J. Ostiguy, Personnel Division, be awarded the Award of Recognition.

BY ORDER OF FIRE COMMISSIONER,
MARTIN E. PIERCE, JR.

CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications") ("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

ECONOMIC DEVELOPMENT AND
INDUSTRIAL CORPORATION OF BOSTON
16083-91

September 4, 1990

Dear Mayor Flynn:

Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC), dated September 4, 1990, by which Contract EDIC was designated to administer Community Development Block Grant (CDBG) funds for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated June 21, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to the League of Haitian Families, Inc., a non-profit corporation, located at 169 Massachusetts Avenue, Boston, Massachusetts 02115. Under the terms of the contract, the Contractor will provide educational/career counseling, and support services to approximately fifty (50) low to moderate income Haitian youths across the city.

This program was selected for funding based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued by the former Mayor's Office of Jobs and Community Services (JCS) on January 24, 1990. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. The extremely competitive proposal review process focused on a number of selection criteria, including administrative capability, the ability to serve the targeted client population, the need for the proposed services, and conformance with the priorities established by JCS and City residents. The issuance of this proposal document was the culmination of an exhaustive planning process which began in Sep-

tember of 1989. Citizen participation was crucial, for during the period from November 8, 1989 until December 14, 1989, fourteen (14) neighborhood meetings were held across the entire City to solicit community involvement and input in determining funding priorities, culminating in a City-wide hearing held on January 9, 1990. Notices of the these meetings were published in the *Boston Sunday Globe* on November 5, 1989, and the *City Record* on November 13, 1989. The availability of the RFP document was published in the *Boston Sunday Globe* on January 21, 1990.

Compensation under the terms of this contract shall not exceed seventeen thousand, one hundred (\$17,100.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This contractor has had contracts with this agency for the previous two (2) fiscal years at the following funding amounts: FY 89 — \$18,000; FY 90 — \$17,100. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis
Director

16084-91

September 4, 1990

Dear Mayor Flynn:

Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC), dated September 4, 1990, by which contract EDIC was designated to administer Community Development Block Grant (CDBG) funds for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated June 21, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to Jackson/Mann Community School and Council, Inc., a non-profit corporation, located at 500 Cambridge Street, Allston, Massachusetts 02134. Under the terms of the contract, the Contractor will operate an after-school day care program for approximately fifty (50) children, targeting the Allston/Brighton area.

This program was selected for funding based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued by the former Mayor's Office of Jobs and Community Services (JCS) on January 24, 1990. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. The extremely competitive proposal review process focused on a number of selection criteria, including administrative capability, the ability to serve the targeted client population, the need for the proposed services, and conformance with the priorities established by JCS and City residents. The issuance of this proposal document was the culmination of an ex-

haustive planning process which began in September of 1989. Citizen participation was crucial, for during the period from November 8, 1989 until December 14, 1989, fourteen (14) neighborhood meetings were held across the entire City to solicit community involvement and input in determining funding priorities, culminating in a City-wide hearing held on January 9, 1990. Notices of the these meetings were published in the *Boston Sunday Globe* on November 5, 1989, and the *City Record* on November 13, 1989. The availability of the RFP document was published in the *Boston Sunday Globe* on January 21, 1990.

Compensation under the terms of this contract shall not exceed twenty two thousand, one hundred ninety seven (\$22,197.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This Contractor has had contracts with this agency for this program for the previous three (3) fiscal years at the following amounts: FY 88 — \$23,365; FY 89 — \$23,365; FY 90 — \$22,197. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis
Director

The three lowest responsive bidders are required to submit a Minority Business and General Contractor's Letter of Intent. The Letter of Intent shall be completed and signed by the minority business enterprise and the general contractor within five days after the time set for receiving bids. At the request of the City, one or more of three lowest bidders may also be required to submit a minority business identification statement.

The City of Boston, acting by the Commissioner of Transportation hereinafter referred to as the Commissioner, with offices at Room 721, New City Hall, invites proposals for Applying Pavement Markings on Various Road Surfaces in the City of Boston.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner and each in the sum of 100 percent of the contract price will be required of the successful contract. Forms of proposals may be obtained at Room 721, New City Hall. Each proposal should be filled out, signed, enclosed in an envelope, sealed, marked "Proposal for Applying Pavement Markings on Various Road Surfaces in the City of Boston", one copy of which is to be left at Room 721, New City Hall, before 12 noon on Friday, June 14, 1991, with a certified check or a bid bond in the amount of five percent (5 %) of bid price payable to and to become the property of the City if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule

determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner. Before the commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal or any item of a proposal should he deem it to be for the best interest of the City so to do.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Preference Section contract provision of the specifications and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee man hour ratios per trade) for this contract are as follows: Minority — 25 percent; Boston resident — 50 percent; Female — 10 percent.

No bid for the award of this project will be considered acceptable unless the contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the supplemental minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 20 percent of this bid price shall be expended for minority business enterprise; the contractor must give satisfactory assurance that at least 0 percent of this bid price shall be expended for women's business enterprise. For the purpose of this paragraph, the term minority/women's business enterprise means a business organization in which 51 percent of the beneficial ownership is held by one or more minority persons (Black, Hispanic, Oriental or American Indians).

Included with the contract documents are copies of the "Minority Business Utilization Form," "Minority Business Identification Statement," "Minority Business Utilization Progress Report" and the "Minority Business and the General Contractor's Letter of Intent."

Each contractor must complete, sign and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal. The three lowest responsive bidders are required to submit a Minority Business and General Contractor's Letter of Intent. The Letter of Intent shall be completed and signed by the minority business enterprise and the general contractor within five days after the time set for receiving bids. At the request of the City, one or more of three lowest bidders may also be required to submit a minority business identification statement.

Contractors shall also avail themselves of the list of minority businesses to be provided by the City through the Office of Minority Business enterprise to facilitate compliance with these requirements.

A pre-bid conference will be held on Wednesday, June 12, 1991 at 10 a.m., in Boston Transportation Dept., City Hall, Room 721.

The U.S.S. *Constitution* lies in dock at the United States Naval Shipyard, across the Charles River at Wapping and Chelsea Streets, Charlestown. She was launched in 1797 at Hart's Shipyard, a short distance from her present resting place. In the next year she helped clear the coast and the West Indies of French privateers. Later engagements with the British in the War of 1812 brought her undying fame and her nickname *Old Ironsides*. The 44-gun frigate was constructed of well-seasoned live oak and red cedar timbers secured by bolts and copper sheathing made by Paul Revere. Now restored and seaworthy, the historic craft may be boarded daily, 9:30 to 4, free. Uniforms, cannon, and newspaper accounts of the War of 1812 are displayed.

THE BOSTON COMMON

The Common once was the center of a bucolic residential area. Public buildings, such as the town granary and the alms house, began to encroach on the residences in the 18th century. The building of the new State House in 1795-98 was the major step that began the change from "country" to "city" in the Common's neighborhood.

The Park Street boundary of the Common faces the 1810 Park Street Church, its new office building, the modern Paulist Catholic Center, and such older buildings as the Amory-Tincknor House (1804) at the corner of Park and Beacon Streets.

Boylston Streets. This path is the most direct route to the Parkman Bandstand.

Liberty Mall, at 100 feet the Common's widest, runs approximately parallel to Park Street from the Brewer Fountain to the Shaw Memorial across the street from the State House.

That northmost corner of the Common is dominated by the Bulfinch State House; the rest of Beacon Street, heading west-southwest toward Charles Street, consists of Federal Period row houses for which Beacon Hill is famous.

The Charles Street boundary, once (though not initially) the water line, faces the Public Garden. The Boylston Street boundary, including the Central Burying Ground, faces a deteriorating business row, and two commercial theaters; a theater district rehabilitation program may provide a more attractive frontage along this street.

1. Paths, Walkways, and Malls: Five principal paths and numerous smaller ones define pedestrian routes on the Common. A sixth major path, along Charles Street, was defoliated by the construction of the underground parking garage.

Along Tremont Street, the Lafayette Mall (complete with memorial to the French general) covers the entire distance from Park to Boylston Street. Trees in brick planters are the principal features of this path.

The Railroad Mall, more a pathway than a formal mall, cuts across the Common from the Parkman Plaza fountain to the corner of Charles and

The Oliver Wendell Holmes Mall traces a path from Boylston and Tremont Streets to the Guild Memorial, circumnavigating the Frog Pond and Flagstaff Hill.

A short mall along Beacon Street connects the Guild and Shaw Memorials. Other paths, concrete, brick or asphalt in construction, connect points of various interest.

2. Monuments, Buildings, and Facilities:

The Robert Gould Shaw Memorial was erected in 1897 in memory of Colonel Robert Shaw of the 54th Massachusetts Infantry, the first regiment of free black men that fought in

(Continued on next page)

Boston Common . . .

(Continued from front page)

the Civil War. The bas-relief was designed by Augustus St. Gaudens, and the architects were McKim, Mead and White (designers of the Boston Public Library).

The Curtis Guild Memorial Entrance at Beacon and Joy Streets was built in 1917 from a design by Cram and Ferguson.

The Blackstone Memorial Tablet, at Beacon and Spruce Streets, commemorates William Blackstone, the first settler of the Shawmut peninsula and an original owner of the Common. R. Clipston Sturgis designed the tablet, which was installed in 1914.

A plaque to the Royal Navy and a plaque indicating the site of Fox Hill are located at Charles Street between the garage ramps.

The Soldiers and Sailors Monument atop Flagstaff Hill was designed by Martin Milmore, and erected in 1877. The monument is dedicated to the men of Boston who died "in the war which kept the Union whole, destroyed slavery, and maintained the Constitution . . ." (from the inscription).

The Oneida Football Club tablet is dedicated to the first organized football club in the United States.

The Founding of Boston Memorial bas relief was placed at Park and Spruce Streets in 1930 in honor of the tercentennial of the city's founding. The artist was John F. Paramino, and the architectural setting was designed by Charles A. Coolidge. It commemorates the arrival of John Winthrop in Boston.

The Brewer Fountain is named in honor of its donor, Gardner Brewer, and is designed after an award-winning 1855 French fountain. It was installed June 3, 1868.

A statue of Commodore John Barry.

Statues depicting Religion, Training, and Industry were erected in 1961 around the Parkman Plaza fountain. They were designed by Cascierie and diBiccari.

A tablet commemorating the Declaration of Independence was designed by Paramino and placed along Lafayette Mall in 1925.

The Boston Massacre Monument was erected in 1888 from a design by artist Robert Kraus. A memorial to the five who died in the 1770 Massacre, it consists of such standard symbolism as "Free America" holding a flag in her left hand, and 13 stars atop the monument. This project was proposed by the Irish and Black communities of Boston, who induced the legislature to spend the needed \$10,000 despite unanimous opposition from the Massachusetts Historical Society and the New England Historic and Genealogical Society. The Boston City Council in 1888 added the conical top to the column on account of what the Council believed poor taste.

The George F. Parkman Memorial Bandstand was erected in 1912 from a design by Robinson and Shepard. The radial-path landscaping was added in the early 1920s under the administration of Mayor James M. Curley.

The Central Burying Ground is included within the acreage of the Common but is an entity in itself. Located on Boylston Street between Tremont and Charles, this cemetery was established in 1756; many British soldiers killed at the Battle of Bunker Hill were buried here.

Floodlighted baseball fields and tennis courts are the sole "active recreational" facilities on the Common, although sessions of frisbee or touch football often take place in other open areas throughout the Common.

The Boston Common Underground Garage built in the early 1960s at the Charles Street end of the Common, has added four one story kiosks and two motor ramps to the park, while it has subtracted trees, grass and topsoil. Planting of trees is, of course, restricted here because of the closeness of the garage's roof; however, a 1925 map of the Common shows this area as a "parade ground," as now, with trees only on the periphery.

THE ADOPT-A-STATUE PROGRAM

The goal of Adopt-A-Statue is to achieve funding for the restoration of thirty-nine pieces of outdoor public art and to establish a permanent maintenance endowment which would provide for the annual cleaning and maintenance of sixty-nine pieces.

To invite individuals, groups of individuals or corporations to "adopt" a piece of Boston outdoor public art by either:

- a. incurring the total cost of restoring and maintaining a particular piece of art or
- b. making a donation toward a general restoration and maintenance fund.

Gifts are tax deductible to the extent limited by law.

For further information on how to adopt a statue please contact the Environment Department at 725-3850 (Paula Mierzejewski) or Office of Arts and Humanities at 725-3245 (Mary Shannon).

Each week the *City Record* will publish a statue for adoption.

CONTRACTS AWARDED AFTER ADVERTISING

("Requests for Proposals")

("Requests for Qualifications")

("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

ECONOMIC DEVELOPMENT AND INDUSTRIAL CORPORATION OF BOSTON

16080-91

September 4, 1990

Dear Mayor Flynn:

Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic

Teens from Blessed Sacrament and Our Lady of Lourdes Youth Groups joined forces with the Boston Transportation Department's "Keep Boston Moving... Safely Program to encourage motorists to "Buckle Up" for safety. Holding "Buckle Up" posters they designed and drew, the teens stood out on a recent Saturday at the Monument and in Hyde Square. Adult volunteers, Jackie Albricks, Kate Bangert and Peg Moloney were on hand to assist, and Area E Community Services Officer Richard Laham rewarded youngsters properly buckled up with gift certificates donated by Brighams for free ice cream cones. Keep Boston Moving... Safely is a community traffic safety program funded by the Massachusetts Governor's Highway Safety Bureau.

Development and Industrial Corporation (EDIC), dated September 4, 1990, by which Contract EDIC was designated to administer Community Development Block Grant (CDBG) funds for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated June 21, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to Veronica B. Smith Multi-Service Senior Center, a non-profit corporation, located at 20 Chestnut Hill Avenue, Boston, Massachusetts 02135. Under the terms of the contract, the Contractor will provide a variety of health care, educational, recreational, and support services for approximately one thousand, six hundred (1,600) elderly residents of the Allston/Brighton community.

This program was selected for funding based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued by the former Mayor's Office of Jobs and Community Services (JCS) on January 24, 1990. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. The extremely competitive proposal review process focused on a number of selection criteria, including administrative capability, the ability to serve the targeted client pop-

ulation, the need for the proposed services, and conformance with the priorities established by JCS and City residents. The issuance of this proposal document was the culmination of an exhaustive planning process which began in September of 1989. Citizen participation was crucial, for during the period from November 8, 1989 until December 14, 1989, fourteen (14) neighborhood meetings were held across the entire City to solicit community involvement and input in determining funding priorities, culminating in a City-wide hearing held on January 9, 1990. Notices of these meetings were published in the *Boston Sunday Globe* on November 5, 1989, and the *City Record* on November 13, 1989. The availability of the RFP document was published in the *Boston Sunday Globe* on January 21, 1990.

Compensation under the terms of this contract shall not exceed thirty one thousand, six hundred sixty three (\$31,663.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This Contractor has not had a contract with this agency for this program for the previous fiscal year. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

(Continued on next page)

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis
Director

September 4, 1990

Dear Mayor Flynn:

Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC), dated September 4, 1990, by which Contract EDIC was designated to administer Community Development Block Grant (CDBG) funds for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated June 21, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to Jackson/Mann Community School and Council, Inc., a non-profit corporation, located at 500 Cambridge Street, Allston, Massachusetts, 02134. Under the terms of the contract, the Contractor will operate a pre-school child care program for approximately forty nine (49) children, targeting the Allston/Brighton area.

This program was selected for funding based upon an evaluation of its proposal submitted in response to a publicly advertised Request for Proposals (RFP) issued by the former Mayor's Office of Jobs and Community Services (JCS) on January 24, 1990. Costs were determined to be reasonable after extensive analysis by JCS staff and outside readers. The extremely competitive proposal review process focused on a number of selection criteria, including administrative capability, the ability to serve the targeted client population, the need for the proposed services, and conformance with the priorities established by JCS and City residents. The issuance of this proposal document was the culmination of an exhaustive planning process which began in September of 1989. Citizen participation was crucial, for during the period from November 8, 1989 until December 14, 1989, fourteen (14) neighborhood meetings were held across the entire City to solicit community involvement and input in determining funding priorities, culminating in a City-wide hearing held on January 9, 1990. Notices of these meetings were published in the *Boston Sunday Globe* on November 5, 1989, and the *City Record* on November 13, 1989. The availability of the RFP document was published in the *Boston Sunday Globe* on January 21, 1990.

Compensation under the terms of this contract shall not exceed twenty six thousand, six hundred (\$26,600.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This Contractor has had con-

tracts with this agency for this program for the previous three (3) fiscal years at the following funding amounts: FY 88-\$28,000; FY 89-\$28,000; FY 90-\$26,600. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals submitted in response to a competitive, publicly advertised RFP, I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis,
Director.

PUBLIC FACILITIES

RENOVATIONS

C-3336-91

June 21, 1990

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on June 21, 1990, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to DiMarinisi & Wolfe, Architects & Urban Designers, a Massachusetts general partnership with offices at 2 Park Plaza, Boston, MA 02116, for the design of renovations to the Area A Police Station, Phase II. Scope of work includes preliminary design, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$69,400.00 (including \$10,000.00 for supplementary services), which is a fixed fee of 13.2 percent based on an estimated cost of construction of \$450,000.00, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for seventy-four (74) weeks from the date of execution.

Pursuant to M.G.L. C. 7, 38A 1/2 et seq., DiMarinisi & Wolfe, Architects & Urban Designers was awarded the contract based on a publicly advertised request for proposals in the Boston Globe and City Record on February 19, 1990, and the Central Register on February 21, 1990. The Public Facilities Designer Selection Committee evaluated 24 proposals employing a numerical matrix system. The numerical matrix rating for a firm reflects the combined score of each Committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

DiMarinisi & Wolfe, Architects & Urban Designers, 2 Park Plaza, Boston, MA 02116 — 5
Putnam & Associates, 280 Lincoln Street, Boston, MA 02134 — 8

Powers and Company, 368 Congress Street, Boston, MA 02110 — 14

In view of the technical and professional nature of the services required, the qualifications and expertise of the designer, and the selection process used, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa Chapnick,

Director.

CITY SELLS \$96 MILLION BOND ISSUE

The City of Boston sold \$96 million of general obligation bonds. Proceeds from the 20-year issue will be used to finance construction of projects in the City's 5-year capital plan and to refund a portion of the City's currently outstanding debt.

The bonds maturing from 1992 to 1995 were sold without credit enhancement and are rated "A" by Standard & Poor's and "A" by Moody's. The bonds maturing from 1996 to 2011 are insured by MBIA and are AAA by Standard & Poor's and Aaa by Moody's.

The bond issue was extremely well-received by investors. The overall interest cost, including costs of issuance and the insurance premium, was 5.83%, the lowest interest rate on a City issue in at least the past ten years. The interest rate on the City issue compares favorably with that on the bonds sold last week by the Commonwealth of Massachusetts, which had an overall interest cost of 7.61%.

Collector-Treasurer Lee Jackson cited several reasons for the successful sale. Most important was the positive perception of Boston by investors. "The low interest rates we achieved today reflect investor confidence in the fiscal management of the City," said Jackson. The bond

rating agencies have on several occasions cited Mayor Flynn's ability to keep the City's books balanced despite state aid cuts as a major factor behind the City's "A" bond ratings.

As a result of the Mayor's commitment to balanced budgets, Boston has maintained its bond rating during a period when the bond ratings of other municipalities have succumbed to budget pressures. Boston is the only major Northeastern municipal credit — i. e., states and major cities — to have higher bond ratings now than it did in 1988. *Financial World* magazine, in its survey of the financial management of major American cities, cited Boston as "most improved."

The bond issue includes a \$16 million refunding. "Demand for investors was so strong that we were able to sell an additional \$16 million of bonds to refund high interest-rate outstanding debt and save the City more money," said Jackson. He estimates that the City will save several hundred thousands of dollars over the next few years.

The timing of sale of the bonds was also key to achieving low interest rates. "We originally planned to sell the bonds in July 1991," said Jackson, "but we were concerned by the potential for rising interest rates." Tax-exempt bond rates are currently near four-year lows.

Another reason for the low interest rates was the aggressive insurance bids received by the City. "We received good bids because the insurers know we are a solid credit," said Jackson. The winning bid of 0.40% of total principal and interest payments came from MBIA.

Fees paid to the underwriters were also the lowest in the past decade.

Consistent with the Mayor's MBE/WBE policy, 15% of the bonds were sold by minority- and women-owned firms.

MAYOR FLYNN TO ANNOUNCE HEALTH CARE AND HEALTH CAREERS INITIATIVES

\$1 Million Dollar Program To Train Boston Residents for Health Careers; Expanded Efforts to Immunize Neighborhood Children

Mayor Raymond L. Flynn joined public health and educational officials to announce two major health care and health careers initiatives.

Mayor Flynn announced a new million dollar program to train more than 650 Boston residents for positions in the health care field. The program results from a grant from the Commonwealth Department of Medical Security's Labor Shortage Initiative to set up 13 new educational and job training programs for Boston residents. Administered by the Economic Development and Industrial Corporation of Boston through eight medical and educational institutions — including Beth Israel Hospital, Brigham and Women's, the New England Medical Center, New England Deaconess, Children's Hospital, Bunker Hill Community College and the Dimock Community Health Center — this

program will target a range of Boston residents from current hospital employees to underemployed adults and high school students.

Also, the Mayor is expected to announce a stepped-up program to make Boston parents aware of the availability of vaccination service available through Boston's system of community health centers for young children. Despite a reported nationwide shortage in inner city health centers of vaccines for measles, whooping cough and mumps, health centers here have maintained an excellent track record of providing these services. The Department of Health and Hospitals will mount a campaign to inform parents of these services.

FONTANEZ NAMED BOSTON ELECTION COMMISSIONER

Mayor Raymond L. Flynn appointed Jovita Fontanez the new Election Commissioner for the City of Boston.

A resident of the South End, and recipient of several awards, Jovita Fontanez has served as Assistant Director of the Mayor's Office of Neighborhood Services since 1988.

"Jovita Fontanez has done an outstanding job in our Office of Neighborhood Services working to improve the delivery of basic city services to Boston residents. Her management experience and her strong ties to Boston's neighborhoods makes her uniquely qualified to head the Election Department," Flynn said. "Jovita's special talent for building bridges within the community, combined with her organizational skills will ensure her success as commissioner," he added.

Fontanez investigated claims and developed fair housing policies and guidelines as a member of the Boston Fair Housing Commission from 1984 - 1988. For five years she evaluated and approved capital and operating expenditures for the Metropolitan District Commission as assistant commissioner. She has also served as an assistant director of the South End Community Health Center and worked as a family case worker.

Fontanez, a mother of two, has been active in local politics and volunteer work for several years. She is a member of the South End Community Health Center, Inquilinos Boricuas En Accion, United South End Settlement, Salvation Army Harbor Lights and the Medical Foundation.

"Heading the Boston Election Department is a challenge I am greatly looking forward to. I want to make outreach to new residents and immigrants a high priority as Election Commissioner," Fontanez said.

Fontanez graduated from the University of Massachusetts with a Bachelor of Arts in Sociology in 1985. She is currently studying for a

Master's Degree in Urban Planning at Tufts University.

The Boston Election Department conducts all municipal, state and federal elections within the City of Boston. The department operates polling places, maintains voting machines and tabulates and certifies election results. The Election Department also operates a public service counter in Boston City Hall, registers new voters, and organizes mailings to Boston residents on voter registration information and election day activities. The budget for the 48-member Boston Election Department was \$2.7 million for fiscal year 1991.

CONTRACTS AWARDED AFTER ADVERTISING

("Requests for Proposals")
("Requests for Qualifications")
("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

PUBLIC FACILITIES

RENOVATIONS

C-3895-90

(Continued on next page)

May 10, 1990

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on May 10, 1990, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Stull & Lee, Inc., a Massachusetts corporation with offices at 38 Chauncy Street, Boston, MA 02111, for the design of renovations to the Clemente Field House, the Columbus Park Field House and the Mirabella Pool. Scope of work includes preliminary design, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$52,131.00 (including \$13,725.00 for supplementary services), which is a fixed fee of 13.97 percent based on an estimated cost of construction of \$275,000.00, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for twenty (20) months from the date of execution.

Pursuant to M.G.L. C. 7, 38A 1/2 et seq., Stull & Lee, Inc. was awarded the contract based on a publicly advertised request for proposals in the Boston Globe and City Record on December 11, 1989, and the Central Register on December 13, 1989. The Public Facilities Designer Selection Committee evaluated 21 proposals employing a numerical matrix system. The numerical matrix rating for a firm reflects the combined score of each Committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

Stull & Lee, Inc., 38 Chauncy Street, Suite 1100, Boston, MA 02111 — 4

Rojas, Vogt Associates, Inc., 81 Mt. Auburn Street, Cambridge, MA 02238 — 9

Ondras Associates, 48 Grove Street, Somerville, MA 02144 — 10

In view of the technical and professional nature of the services required, the qualifications and expertise of the designer, and the selection process used, it is my view that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa Chapnick,
Director.

Sincerely,

NO. 25

Mayor Flynn Announces Health Care and Employment Initiatives

Boston City Hospital — June 5, 1991

Cities across the United States are facing the most serious problems that they have faced in our history as a nation. Years of federal disinvestment have hurt the quality of life — and the opportunity for quality employment — for residents of Metropolitan Centers throughout the United States.

Among the most serious victims of this avoidance of responsibility by the Federal Government are young children throughout the inner cities. In fact, a recent survey by the Children's Defense Fund revealed that Community Health Centers in inner cities throughout America are short of vaccines to immunize against measles, mumps, and whooping cough.

This is due to shortages caused by a lack of commitment at the national level to ensuring that infants can be immunized. According to the Children's Defense Fund, 71 percent of inner city health centers surveyed are experiencing shortages of government supplied vaccines critical for immunizing children. These shortages are keeping vaccines for measles, mumps and whooping cough from the infants and very young children who need to be immunized.

In fact, these shortages have resulted in two measles epidemics across the cities of the country in the past year — an epidemic that Boston was fortunately able to avert here, but which resulted in the deaths of children elsewhere.

This is the clearest example possible of how policies at the national level are taking a serious toll on the health of our children now, while setting the stage for an unhealthy future both socially and economically.

Today's neglected child is too often tomorrow's social problem. In Boston, we have been able to avoid the brunt of this serious problem due to our aggressive efforts as a city. Boston City Hospital and the Department of Health and Hospitals has taken a proactive stance in public education and awareness through schools, hospitals and neighborhood health centers on the measles, mumps and rubella vaccine.

In FY 90, Boston City Hospital and the Department of Health and Hospitals administered 22,440 doses of this vaccine. This year we will increase that number by 50% to well over 30,000.

But, when it comes to the health of Boston's children, we are always prepared to turn our efforts up a notch. Yesterday I met with the chief executive officers of Boston's teaching hospitals in efforts to ensure that, as a city, we continue our tradition of quality health care and work together to ensure that Boston residents can participate in the economic opportunities of expansion in the health field.

And, I am calling on the media, churches, schools and community organizations to help us inform every parent and child about our expanded efforts to vaccinate the children of the city.

Today, I am announcing a major door-to-door outreach effort, to be carried out by the Department of

Health and Hospitals, to increase vaccinations for our families and our children.

We are also calling on the state to add vaccines for Hepatitis B to its free vaccine program to stem an increase in this disease among Boston residents, especially among the new Asian and Caribbean Communities.

Health care experts tell me that if we know that a pregnant mother has this disease, we can spare the newborn baby from suffering Hepatitis B by administering the vaccine at birth. The state must support local efforts to get this vaccine into the hands of the doctors of the Commonwealth to provide this service to our citizens.

While we have faced the same pressures due to cutbacks in vaccine availability as other cities, we have been able to maintain a high level of services and ability to keep our children vaccinated and healthy.

We have been able to do this because our system works. It works because of the fine work of Boston City Hospital and our network of twenty-five neighborhood health centers. It works because of the excellent outreach and education provided by Public Health Outreach Workers of the Department of Health and Hospitals. And our system works because of the collaboration among health centers, the Department of Health and Hospitals and Boston's other fine teaching hospitals.

Here in Boston, we are taking a lead in addressing the health concerns of our citizens and in using our position in the national health

care system as a way to create economic opportunity and careers for our residents. The surest way to build healthy families is not only to provide high quality health care, but also to build a foundation of economic opportunity.

For example, while funding cuts in other cities are closing hospitals, we in Boston have begun the largest public buildings project ever — the new \$170 million City Hospital.

We are also announcing today a million dollar effort — in partnership with the State, and educational and health care institutions from throughout the city — to train 650 Boston residents for careers in the health field.

It is projected that over 20,000 new positions in the health care and related fields will open up over the next five years. This program will open positions as radiology technicians, nurses, and laboratory technicians to Boston residents. The State Department of Medical Security and institutions like Beth Israel Hospital, Children's Hospital, Bunker Hill Community College and The Dimock Community Health Center will work side by side with the city to make sure that Boston residents participate in Boston's continued growth in the health care field.

We will keep our health care system working for our neighborhoods because we will train neighborhood residents to work within the system.

THE ADOPT-A-STATUE PROGRAM

The goal of Adopt-A-Statue is to achieve funding for the restoration of thirty-nine pieces of outdoor public art and to establish a permanent maintenance endowment which would provide for the annual cleaning and maintenance of sixty-nine pieces.

- incurring the total cost of restoring and maintaining a particular piece of art or
- making a donation toward a general restoration and maintenance fund.

Gifts are tax deductible to the extent limited by law.

For further information on how to adopt a statue please contact the Environment Department at 725-3850 (Paula Mierzejewski) or Office of Arts and Humanities at 725-3245 (Mary Shannon).

DIABETIC'S ROLE IN MAINTAINING THEIR HEALTH

Diabetes is a condition which prevents your body from using starches and sugars as it should. Normally a gland called the pancreas makes insulin, a hormone which helps convert food into energy. In diabetes, the pancreas does not produce enough usable insulin.

There are two major forms of diabetes. They are Maturity-Onset Diabetes and Juvenile Diabetes. Maturity-onset diabetes is more common and less abrupt in onset. It usually occurs in overweight adults. It can be managed by careful diet and exercise alone. Insulin injections are not always needed. Sufferers of juvenile diabetes are insulin dependent. Weight is not a factor and it usually occurs in children around the age of 10 or 11. It is less common than maturity-onset, but the onset is more abrupt.

Diabetics must pay special attention to their diet, weight, amount of exercise and attitude. All of these factors play an important role in maintaining a normal and active life. There are two opposite reactions that a diabetic can have. The first is a lack of insulin and a surplus of sugar or a Diabetic Coma. This is caused by increased eating, infection or illness, or skipping an insulin injection. The symptoms appear gradually and include drowsiness, dry skin, deep labored breath with a fruity odor, a dry tongue, extreme thirst and vomiting. To treat a diabetic coma, a proper insulin injection should be given. Call your physician immediately if such symptoms occur.

The opposite reaction is an Insulin Reaction. This is when there is too much insulin and not enough sugar. This is caused by skipping a meal, too much exercise or too large an insulin dose. The onset is sudden and symp-

toms include dizziness, moist skin, normal to shallow breath, hunger, lack of thirst and a dry tongue. To counter an insulin reaction, eat or drink something sweet. Call your physician if you don't feel better soon.

The diet of the diabetic should be established by a physician or dietician. It should include foods from all of the basic food groups. Sweets and desserts should be avoided (except to prepare for rigorous activity or to recover from an insulin reaction). By following a strict diet, insulin injections can be kept to a minimum. Exercise can also help reduce the need for insulin because physical activity burns body sugar quickly.

The diabetic should always have insulin and sugar handy in case of an emergency. There are several types of insulin and each should be taken differently. Follow your physicians instructions carefully when taking your insulin. Diabetics should also test their urine according to doctors orders to help keep their diabetes under control.

Diabetics must pay special attention to their weight because being overweight increases the chances for complications such as hypertension and atherosclerosis. Diabetics are prone toward infection because of poor circulation. Problem areas include the eyes, teeth, feet, legs and skin. These areas should always be kept clean, and cuts and scratches should be cared for right away. It is also important to have your eyes examined at least every two years. If you get sick, you should be able to balance your food and insulin yourself, but if any illness lasts more than 24 hours, contact your physician.

With the proper balance of exercise, insulin and diet, diabetics can learn to live a healthy, active life.

The Visiting Nurse Association of Boston is the oldest and second largest provider of home health care in the nation. Nearly six hundred professional nurses, therapists and home health aides make over 580,000 home care visits annually.

EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY

PENAL INSTITUTIONS DEPARTMENT

June 5, 1991.

Mr. Felix Arroyo,

Director of Personnel Management.

Dear Sir:

On May 15, 1990, Ms. Carol M. Stanton was provisionally appointed to the reclassified position of Director of Personnel (RC-20) for the Penal Institutions Department.

In this position, Ms. Stanton is responsible for supervising the preparation and administration associated with personnel management, payroll operations and staff development for the Penal Institutions Department. Ms. Stanton will coordinate the hiring process and procedures for the Suffolk County House of Correction, develop job postings, job audits, and participate in the standardization of all screening interviews to ensure that all interviews are conducted according to City of Boston and Penal Institutions Department policies and procedures, continue to supervise the preparation of all personnel forms and transactions, weekly payroll and monthly adjustment payrolls, as well as oversee the implementation of the City of Boston's Managing Attendance Program. Ms. Stanton will provide technical assistance to command staff and managers; discipline action, personnel procedure and investigate inquiries relative to work rules and regulations. She will design and conduct an orientation session for new employees, in addition to overseeing the development and implementation of personnel, payroll and training policies to include an employee handbook and payroll guide.

From 1989 to 1991, Ms. Stanton served as the Director of Personnel (RC-17) for the Penal Institutions Department. She was responsible for the creation of the personnel and payroll units. In addition to overseeing personnel procedures and implementing payroll procedures, Ms. Stanton served as the department liaison to various City departments and the State Department of Personnel Administration/Civil Service. She also supervised recordkeeping procedures, maintained employee personnel files and was responsible for all personnel correspondence, written and statistical reports. During the past year, Ms. Stanton worked closely with the Office of Personnel Management in reviewing the existing classifica-

tion and compensation scale along with developing job descriptions for present and proposed positions.

Ms. Stanton is uniquely qualified for her position in the Penal Institutions Department. She had been employed by the City of Boston's Commission on Affairs of the Elderly from 1975 to 1989; and in 1983, Ms. Stanton was appointed the Elderly Commission's Deputy Director for Personnel Employment/Volunteers. Due to Ms. Stanton's many years of public service, she has been able to make a significant contribution to the Penal Institutions Department's on-going efforts to improve the overall operation of the Suffolk County House of Correction and make a smooth transition to the new Suffolk County House of Correction in 1991.

Ms. Stanton holds a Master of Public Administration degree from Suffolk University; and, a Bachelor of Arts degree in Social Work from Fairleigh Dickinson University. Ms. Stanton is also a member of numerous professional organizations.

Because of Ms. Stanton's extensive experience in the personnel field, her education and training coupled with her demonstrated expertise, it is respectfully requested that her third, fourth, fifth, sixth, and seventh year increments in the position of Director of Personnel (RC-20) be determined under Rule 15(F) of the Classification and Compensation Plan for officers and employees of the Suffolk County, effective May 15, 1991.

Sincerely,

BENJAMIN F. THOMPSON,
Commissioner.

EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY

PENAL INSTITUTIONS DEPARTMENT

May 20, 1991.

Mr. Felix Arroyo,

Director of Personnel Management.

Dear Sir:

On May 30, 1990 Ms. Donna Kady was appointed to the position of Administrative Secretary, RC-14(1), for the Penal Institutions Department.

Ms. Kady serves as the Administrative Secretary to the Deputy Commissioner and Chief Deputy Superintendent for Administration. She schedules appointments, provides administrative support for both management position, coordinated schedules and functions as the office manager responsible for ordering supplies for the central office staff. She also provides necessary administrative support for the transition to the new facility under construction at South Bay.

Prior to her appointment, Ms. Kady was employed by the Housing Court for the City of Boston from 1973 to 1982. She served as the Court Supervisor of the Civil Division/Housing. Her responsibilities include scheduling motions, trials, judges conferences, the court docket, clerking in the courtrooms as well as serving as a liaison to attorneys, other staff members (judges, plaintiffs, and defendants). She instructed pro se individuals as to the Housing Court's processes and procedures so that they could avail themselves of this court. During the course of her employment she supervised twelve (12) employees and assisted in training new employees in the Rules of Civil Procedures.

From 1982 to 1990, Ms. Kady held various part-time positions which enabled her to maintain her short-hand skills and to familiarize herself with various computer systems.

Because of Ms. Kady's extensive experience and demonstrated skills, it is respectfully requested that her second, third, fourth, fifth, sixth, and seventh year increment in the position of Administrative Secretary (RC-14) be determined under Rule 15(F) of the Classification and Compensation Plan for officers and employees of the Suffolk County House of Correction, effective January 16, 1991.

Dear Mr. Mayor:

In response to an advertisement in the *City Record* on May 21, 28, 1990, requesting firms or corporations engaged in Personal Computer Training Services to submit statements of qualifications and schedule of courses, the following vendors have responded:

At this time I request that your Honor approve the award of contracts to the above mentioned qualified vendors for the period of July 15, 1990 through June 30, 1991. In no event shall the payments to be made nor the maximum liability of the City under each contract for all firms in the category exceed \$45,000.

Under the terms of these agreements this office shall request from time to time proposals from the vendors for the performance of personal computer training services. This office shall review the responses and based on cost and availability of classroom space within said proposals subsequently direct such training to occur.

Only one of the respondents did not meet minimum requirements.

The following vendors have been determined to have met the minimum qualifications:

#2588 Standard Data Equipment, Inc.
64 S. Jefferson Road, Whippany, N.J.

Economic Development and Industrial Corporation

Professional Services

Dear Mayor Flynn:

Pursuant to the Contract between the Public Facilities Department (PFD) and the Economic Development and Industrial Corporation (EDIC), dated September 7, 1990, by which contract EDIC was designated to administer Community Development Block Grant (CDBG) funds for the City of Boston; and further, by the vote of the Public Facilities Commission (PFC), dated June 21, 1990, stating that the Director of EDIC is authorized to request from the Mayor, on behalf of the Commission, written authority to enter into contracts with service providers funded under the CDBG program, I respectfully request your Honor's permission to award a contract to the United South End Settlements, Inc., a nonprofit corporation, located at 566 Columbus Av-

enue, Boston, Massachusetts, 02118. Under the terms of the contract, the Contractor will provide Adult Basic Education (ABE) classes, General Equivalency Diploma (GED), and an External Diploma program for approximately seventy (70) low income adults.

The Contractor was selected based upon an evaluation of its proposal submitted in response to a refunding Request for Proposals (RFP) issued on April 5, 1990 by the former Mayor's Office of Jobs and Community Services (JCS) which is now a division within the Economic Development and Industrial Corporation (EDIC). Costs were determined to be reasonable after extensive analysis by JCS staff. The extremely competitive proposal review process focused on a number of selection criteria, including administrative capability, the ability to serve the targeted client population, the need for the proposed services. The issuance of this refunding document was the culmination of an exhaustive planning process which began in September of 1989. Citizen participation was crucial, for during the period from November 8, 1989 until December 14, 1989, fourteen (14) neighborhood meetings were held across the entire City to solicit community involvement and input in determining funding priorities, culminating in a City-wide hearing held on January 9, 1990. Notices of the these meetings were published in the *Boston Sunday Globe* on November 5, 1989, and the *City Record* on November 13, 1989.

Compensation under the terms of this contract shall not exceed seventy five thousand, one hundred (\$75,100.00) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1990 until June 30, 1991. This Contractor has had contracts with JCS for this program for the previous three (3) fiscal years at the following funding amounts: FY 88 — \$75,000; FY 89 — \$75,000; FY 90 — \$75,000. This request has been delayed due to the length of time involved in the funding review process, and due to the recent merger of JCS into the Economic Development and Industrial Corporation (EDIC).

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis

Laboratory Supplies

Dear Sir:

An invitation for bids, Proposal No. 114, to furnish laboratory Supplies to the Department of Health and Hospitals was advertised in the *City Record* on April 9, 1990. Bids were publicly opened and read on May 4, 1990. Seventy-six companies were solicited and fifty-five companies responded to the invitation to bid.

A technically defective bid was received from the following vendors, who submitted the lowest acceptable bids meeting specifications at prices I consider to be reasonable. All vendors submitted a late bid with the Purchasing Department at Boston City Hospital and one vendor did not file a copy of the bid with the City Auditor.

No. 704, Shandon, Inc., 171 Industry Drive, Pittsburgh, PA 15275, \$25,550, Net 30.

No. 705, Abbott Laboratories, Hospital Products Division, AP30-2C, Dept. 361, One Abbott Park Road, Abbott Park, IL 60064-3500, \$11,200, 1%-15, net 30, FOB: delivered.

No. 706, Dako Corporation, 6392 Via Real, Carpinteria, CA 93013, \$10,000, Net 30.

Therefore, because it is in the best interest of the City, pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request Your Honor's permission to reject all bids for items to be supplied by the above vendors and award contracts, without further advertising, to these vendors. The contract amounts are approximate figures based on estimated volume.

The contract period is from July 1, 1990 through June 30, 1991.

This award is being processed late because we did not have the necessary documents from the vendors in order to process the contracts.

Very truly yours,

Judith Kurland,
 Commissioner.
